

**Principles Position Task Force
Terms of Reference
February 2016**

This Task Force will be responsible for drafting the first **document of principles** for Together 2030. This document should encompass the main values for the joint work as well as for Together 2030 in its efforts towards the implementation and accountability of Agenda 2030. The proposed document should be **short, focused and aspirational** and will guide the setting of priorities and drafting of advocacy positions.

Expected Deliverable:

This Task Force is expected to present a **draft paper** with principles and values to encompass the work of Together 2030 both externally and internally. This draft document will be later on opened for the whole membership of Together 2030 for comments/review.

Duration:

This will be a **short-term** Task Force. It will be disbanded after the principles document is finalized.

Membership: This Task Force is open to all members of Together 2030. Colleagues can join the Group during its lifespan although those joining after the start of consultations will need to conform to the deadlines established for the work.

Working Methods

All work will be conducted **remotely**. Virtual spaces for collaboration will be created to collect inputs from members of the Task Force. Webinars will be planned as the work develops. Colleagues needing accessible version of working documents should contact the Secretariat bilaterally.
