**Background:**

On 6 March 2015, at its forty-sixth session, the United Nations Statistical Commission created the Inter-agency and Expert Group on SDG Indicators (IAEG-SDGs), composed of Member States and including regional and international agencies as observers. The IAEG-SDGs was tasked to develop and implement the global indicator framework for the Goals and targets of the 2030 Agenda. The global indicator framework was developed by the IAEG-SDGs and agreed upon, including refinements on several indicators, at the 48th session of the United Nations Statistical Commission held in March 2017. The global indicator framework was subsequently adopted by the General Assembly on 6 July 2017.

The tenth meeting of the [Inter-agency and Expert Group on Sustainable Development Goal Indicators \(IAEG-SDGs\)](#), will be held from 21 to 24 October 2019 in Addis Ababa, Ethiopia. The meeting will be hosted by the United Nations Economic Commission for Africa.
